Abstract submission is open

A great opportunity to present your scientific work embedded in the surrounding of highlight speakers from all over the world. The concept of the first international knee days providing a mix of highlight lectures and free papers!

This is a huge possibility for you to present your scientific work, prove your methods and strategies during the discussion and doublecheck the strengths and flaws of your paper before sending it for publication. The best submitted abstracts will be invited to Berlin to present it in front of several hundred people and to be integrated in the program. We are looking forward to your exciting abstracts!

**Submit your
abstract today**
